

How to enable LEXZUR Mobile app?

Objectives

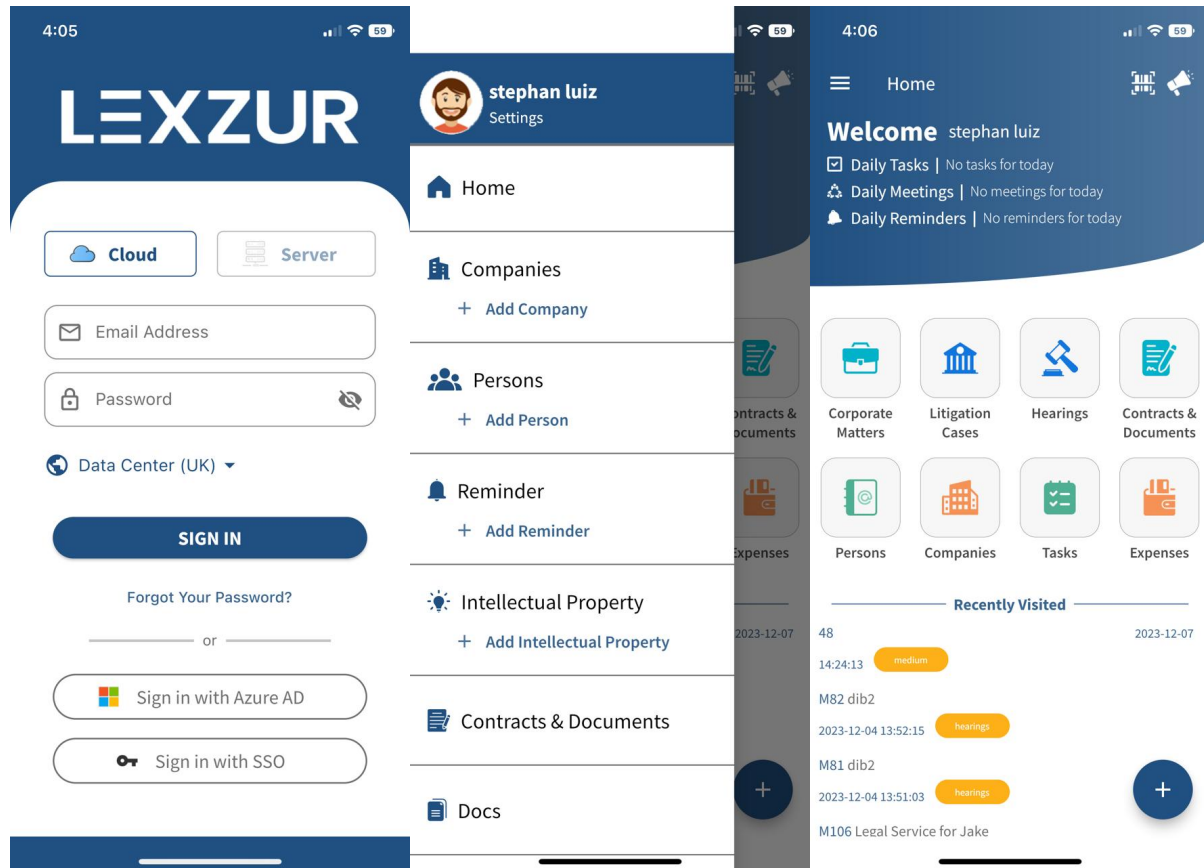

- Enable Lexzur Mobile app

Steps

Lexzur Mobile app is an integrated Mobile App that directly connects you to Lexzur. It is available on Android and iOS.

Step1: Install **LEXZUR** from App Store or Google Play Store.

Step2: Log in to the mobile app. LEXZUR's Mobile App's login page allows the users to choose if Lexzur is hosted on the Cloud or on a Server. If the Server is chosen, the system will allow the user to insert the Server URL.

For more information about LEXZUR, kindly reach out to us at help@lexzur.com.

Thank you!
