

# How to Reset or Change your Password

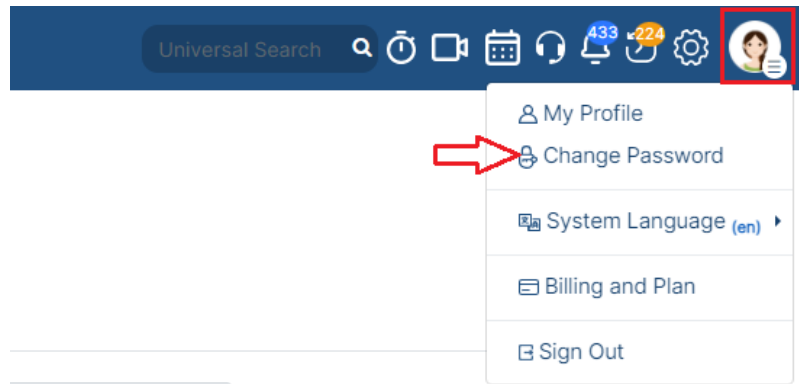

## Objectives

- Change your Password
- Request to Reset your Password

## Steps

Ensuring the security of your account is a top priority in Lexzur, and changing your password is a straightforward process.

If you ever feel the need to update your password, simply navigate to your Avatar on the top right of the navigation menu and choose the **Change Password** option:

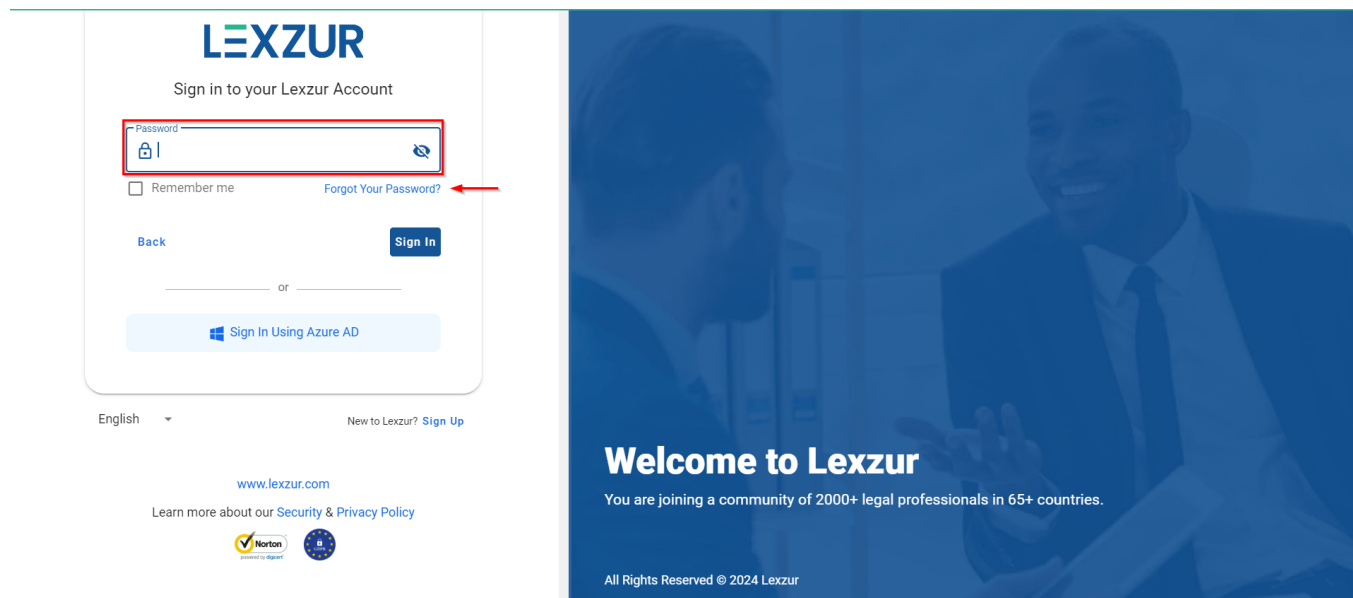

Here, you can set a new password. Write your old password, create a new one, and ensure the password meets security requirements.

Change Password Form

Old Password*	<input type="password"/>
New Password*	<input type="password"/>
Confirm Password*	<input type="password"/>

In the case that you forget your password when attempting to sign in, we've got you covered. You can easily initiate a password reset request by clicking the **"Forgot Your Password"** link on the sign-in page.

Lexzur will then prompt you to enter your registered email address.
